Kendare Blake

Kendare Blake is the author of several novels and short stories. Her work is sort of dark, always violent, and features passages describing food from when she writes while hungry. She was born in Seoul, South Korea, but doesn't speak a lick of Korean, as she was packed off at a very early age to her adoptive parents in the United States. That might be just an excuse, though, as she is pretty bad at learning foreign languages. She enjoys the work of Milan Kundera, Caitlin R Kiernan, Bret Easton Ellis, and Richard Linklater.

She lives and writes in Gig Harbor, Washington, with her husband, their cat son Tyrion Cattister, red Doberman dog son Obi-Dog Kenobi, rottie mix dog daughter Agent Scully, and naked Sphynx cat son Armpit McGee.
